## Climate Champions Pro-Bono Coaching Program

In support of accelerating the growth and success of positive climate initiatives, [ReciproCoach](http://ReciproCoach.com), an international professional coaching community, is offering 'Climate Champions' like you 6 x 45min sessions of pro-bono coaching.

Selected ReciproCoaches volunteer their time to coach Climate Champions like you. You will work with the same coach for all six sessions, and sessions will usually take place online via video conference. You may work with your coach on your climate project/s, or anything else that will support you in continuing to do what you do. We are well aware that so many Climate Champions like you are at risk of burn out or stretching yourself too thin and want to support you in sustaining yourself to continue the climate crusade.

Fill in the form below and email it to [coordinator@reciprocoach.com](mailto:coordinator@reciprocoach.com). Within a week or two, ReciproCoach will in turn assign you a coach who they think will meet your needs:

Name Email

Country Gender

Time zone Age

What makes you a Climate Champion?

What climate projects are you working on? (please list URLs or descriptions)

What is your role in this/these project/s?

Preferred days/time for coaching sessions

What would you mostly like to focus on together with your coach?

How would you hope your coach could support you?

What if any particular experience/expertise would you like to your coach to have?

What else should ReciproCoach consider when matching you with a coach?
